

United States Student Achievers Program (USAP) 2012 Application Form

There are many determined and talented, economically-disadvantaged students in Zimbabwe who lack only financial resources and access to information to better their educational futures. For the thirteenth year, the United States Embassy seeks to identify highly academically qualified and motivated, low-income, Upper Sixth "A" level students in Zimbabwe to join the United States Student Achievers Program (USAP). USAP's mission is to assist highly-talented and determined, economically-disadvantaged Advanced Level students to negotiate and finance the admissions process for colleges and universities in the United States with the aim of producing highly-skilled and widely-educated leaders to build tomorrow's Zimbabwe. USAP works closely with students through regularly scheduled meetings and seminars to assist them throughout the application process to secure admission and scholarships for colleges and universities in the United States. USAP finances all costs of the application process, including registration fees for required standardized examinations and provides free membership to the US Educational Advising Center for its participants. USAP expects a sincere commitment of students to give back their energy and time to the program and to their communities and to be the best they can be.

We do not limit the program geographically; however, students must be able to reach our offices in Harare, Gweru or Bulawayo on a monthly basis during the school year, throughout school holidays, and after A level exams, for full participation. Upper Sixth students will work with our educational advising staff over this year and the next year to try to secure places and financial assistance to begin study in the US in August 2013. **ENTRANCE INTO THIS PROGRAM IS NO GUARANTEE OF A SCHOLARSHIP OR FINANCIAL ASSISTANCE TO STUDY IN THE UNITED STATES.**

To apply to USAP, you **must** currently be a highly-determined and hardworking **Upper Sixth** student who will write either ZIMSEC or Cambridge "A" level examinations in November 2012. To be eligible for consideration, you must have a **VERY** strong academic record, be actively involved in co-curricular and leadership activities and have a strong record of giving back to community. You must also demonstrate financial need that your family would not be capable of financing the US application process on your own. Please complete this application form; return it together with the required documents listed at the end of the application form by SWIFT, email, fax, post or in person, to reach our offices no later than **Friday, March 16, 2012 to:**

USAP 2012 Application Deadline: Friday, March 16, 2012

Read directions carefully: It is essential that you attach to your application the documents listed below. Please do not send originals of certificates or reports as we cannot guarantee the return of any documents to unsuccessful candidates. Please send completed application and attachments together.

Attach to this application the following documents:

- 1) A **photocopy** of your ZIMSEC “O” level results slip(s) stamped by your current school. Include Cambridge IGCSE or AS results if applicable.
- 2) The attached letter of recommendation form attesting to your character, talent and skills completed by a teacher, school administrator, priest/pastor or NGO or community leader who knows you well, either typed or handwritten. Please do not include a basic testimonial that does not talk about you as an individual.
- 3) A copy of **all A level school** reports from 2011.
- 4) Write two essays, one from Group A and one from Group B, each of about 250 – 500 words:

Group A – Choose one only

Colleges and universities in the United States want to get to know you as a person, both in and out of the classroom. Use this essay as an opportunity to let us get to know you, how you think and what's important to you. As we want to get to know you as an individual and not look for the most dramatic tale, is essential that all experiences related in these essays be a true and accurate depiction of your life.

A1. “I have a dream that one day on the red hills of Georgia, the sons of former slaves and the sons of former slave owners will be able to sit together at the table of brotherhood....” Martin Luther King Jr.

One of the ways in which MLK’s dream was fulfilled was through the swearing in of Barack Obama as the first African-American US President. As a young Zimbabwean, what are your dreams and aspirations?

A2. There is a Quaker saying: “*Let your life speak.*” Describe the environment in which you were raised-your family, home, neighborhood, or community-and how it influenced the person you are today.

A3. If you could be granted one super power, what would it be and how would you use it?

Group B – Choose one only

Whether you are studying science, commercial or arts subjects at A level, if you attend college or university in the US, you will be exposed to and will take a wide variety of subjects from the humanities, social sciences, and pure sciences. With this liberal arts educational philosophy in mind, please answer one of the following questions to demonstrate your intellectual strengths.

B1. “*Education comes not from books but from practical experience*” Using evidence from your studies, your knowledge of current and past affairs and your experiences in Zimbabwe, write a paper agreeing or disagreeing with this adage.

B2. America is often termed ‘a melting pot’ and the American society is often termed to be one of diversity. How would you define diversity and what is its role in our global society. What are the challenges that come with diversity?

B3. Orison Marden said, “*Deep within man dwell those slumbering powers; powers that would astonish him, that he never dreamed of possessing; forces that would revolutionize his life if aroused and put into action.*”

Mark Zuckerberg - founder of Facebook, Strive Masiwa - founder of Econet Wireless, Kirsty Coventry - Olympics gold medalist, Joyce Mujuru - first female Vice President of Zimbabwe, Barack Obama the first Black American to become President of America....these are examples of people who have managed to break new ground and achieve greatness. What lessons about life and success do you draw from these people?
