

United States Student Achievers Program (USAP) 2016 Application Form

There are many determined and talented, economically-disadvantaged students in Zimbabwe who lack only financial resources and access to information to better their educational futures. The United States Student Achievers Program (USAP) seeks to identify highly academically qualified and motivated, low income, Upper Sixth "A" level students in Zimbabwe. USAP's mission is to assist highly-talented and determined, economically-disadvantaged Advanced Level students to negotiate and finance the admissions process for colleges and universities in the United States with the aim of producing highly-skilled and widely-educated leaders to build tomorrow's Zimbabwe. USAP works closely with students through regularly scheduled meetings and seminars to assist them throughout the application process to secure admission and scholarships for colleges and universities in the United States and in other international scholarship programs. USAP finances all costs of the application process, including registration fees for required standardized examinations and provides free membership to the EducationUSA Advising Center for its participants. USAP expects a sincere commitment of students to give back their energy and time to the program and to their communities and to be the best they can be.

We do not limit the program geographically; however, students must be able to reach locations in Harare or Bulawayo during school holidays and after A level exams, to take standardized exams and for full participation. Successful USAP participants will work on their application process to secure places and financial assistance to begin study in the US in August 2017. ***ENTRANCE INTO THIS PROGRAM IS NO GUARANTEE OF A SCHOLARSHIP OR FINANCIAL ASSISTANCE TO STUDY IN THE UNITED STATES.***

To apply to USAP, you must currently be a highly-determined and hardworking Upper Sixth student who is currently in school and who will write either ZIMSEC or Cambridge "A" level examinations in 2016. You will be disqualified if you wrote your A Level exams in 2015 or earlier. To be eligible for consideration, you must have a **VERY** strong academic record, be actively involved in co-curricular and leadership activities and have a proven ethos of giving back to community. You must also demonstrate financial need; that your family would not be capable of financing the US application process on your own. Please complete this application form; return it together with the required documents listed at the end of the application form by SWIFT, email, fax, post or in person, to reach our offices no later than **Friday, February 26, 2016 to:**

Any qualified U6 student is welcome to apply. Photocopies of this form **are** perfectly acceptable. We want to get to know you as well as possible. Please complete this application form fully, providing us as much information as you can about yourself, your dreams and ambitions, your family background and your academic and co-curricular record. Use additional paper as necessary. Please send all parts of our application together at one time to ensure that your application is complete and includes as much contact information for you as possible. We cannot consider incomplete applications. **Because of the high volume of applications received, we can ONLY respond individually to those who are successfully selected to participate in the program.**

USAP 2016 Application Deadline: Friday, February 26, 2016

Read directions carefully: It is essential that you attach to your application the documents listed below. Please do not send originals of certificates or reports as we cannot guarantee the return of any documents to unsuccessful candidates. Please send the completed application and attachments together. Feel free to attach paper or write on the back where you do not have sufficient space to answer the questions on this form.

Attach to this application the following documents:

1) A clear **photocopy** of your “O” level ZIMSEC and/or Cambridge IGCSE results slip(s) stamped by your current school. Include Cambridge AS results if you wrote them.

2) A maximum of two **letters of recommendation** form attesting to your character, talent and skills completed by a teacher, school administrator, priest/pastor or NGO or community leader who knows you well, either typed or handwritten. Please do not include a basic testimonial that does not talk about you as an individual.

3) A clear photocopy of **all L6 level school** reports from 2015 (required) and Form 3-4 reports for 2013-4 (recommended).

DO NOT ATTACH ORIGINAL COPIES.

Write one essay from Section A and one essay from Section B, each of about 300 – 600 words:

Colleges and universities in the United States want to get to know you as a person, both in and out of the classroom. Use these essays as an opportunity to let us get to know you personally, how you think and what’s important to you. Whether you are studying science, commercial or arts subjects at A level, if you attend college or university in the US, you will be exposed to and will take a wide variety of subjects from the humanities, social sciences, and pure sciences. With this liberal arts educational philosophy in mind, please demonstrate your intellectual strengths and curiosity. As we want to get to know you as an individual and not look for the most dramatic tale, it is essential that all experiences related in these essays be a true and accurate depiction of your life and that you write them yourself without the aid of teachers or peers.

Section A – Choose One Topic

1. The nineteenth century philosopher John Stuart Mills once wrote “One person with a belief is equal to a force of 99 who only have interests.” Tell us about one of your **beliefs** – how you came to it, why you hold onto it, what has challenged it, and what you imagine its influence will be on your education and future.
2. “Anyone who has never made a mistake has never tried anything new.” – Albert Einstein
Describe your most interesting **mistake**.
3. The driving force behind some of the greatest discoveries of the modern age was once dismissed as myth or as infeasible. We live in an age of entrepreneurs and start-ups where **innovation** is valued. Close your eyes and picture yourself in 15 years. You have come up with an idea that you think will transform people’s lives or world view. Describe your idea and the steps you will take to making it a reality.

Section B – Choose One Topic

4. There is a Quaker saying: “**Let your life speak**.” Describe the environment in which you were raised-your family, home, neighborhood, or community-and how it influenced the person you are today.
5. “Each life converges to some center, expressed or still; exists in every human nature, a goal”- Emily Dickinson. What do you understand to be the **goal** of your life and why?
6. **Topic of your choice:** In the spirit of adventure and positive risk, pose an essay question of your own and answer it. Draw on your best qualities as a thinker, visionary, social critic, writer, or future citizen of the global USAP village. Take a risk and have fun with it - we look forward to reading what you come up with.
